Saturday Morning - 8 a.m. - 10:30 a.m.

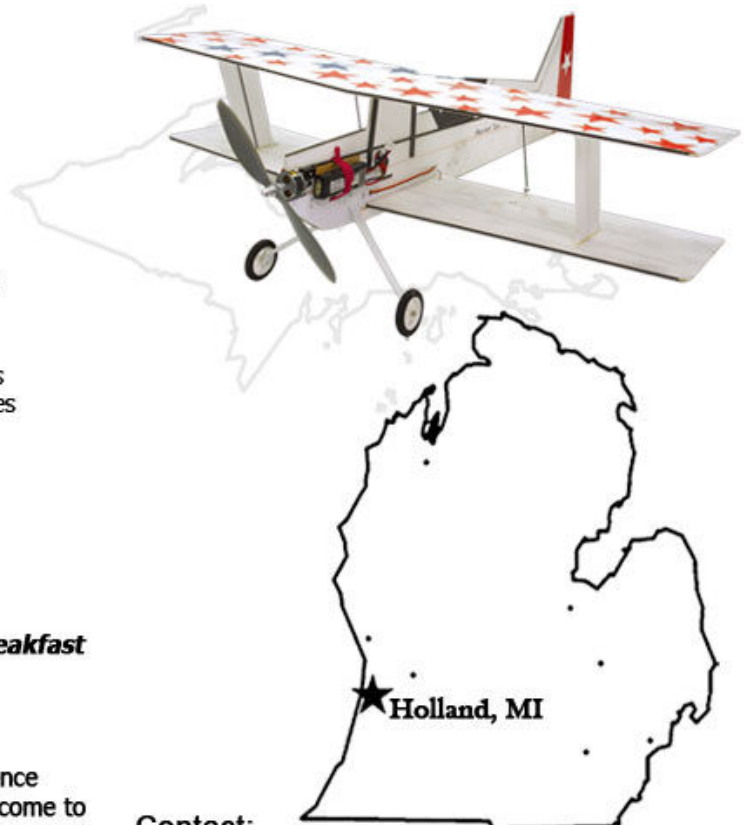

New this Year, 2009

The Big Bird Classic draws a large attendance from our local residents. They diffinatly come to enjoy the large scale models. However, we believe there is an opportunity to grow interest in our hobby demonstrating low cost, entry level 'park flyer' airplanes and helicopters.

This year we will have a designated flying area, away from the main flight line for your electric 2.4 GHz park flyer airplanes and helicopters.

Park Flyers:

We encourage you to bring your park flyers or DLG gliders. Wind speed and direction will be monitored throughout both days to assure safety. This will be purely recreational flying for the pleasure of the pilots and spectators. **AMA** membership is required.
